WHO ARE WE ?

EDUCRAT IAS ACADEMY is a Kolkata based coaching centre for preparation of IAS/IPS & WBCS Examination. We provide extensive and holistic preparation to a small batch of sincere & dedicated aspirants who aspire & dream to become a part of the coveted Civil Services. **The three mantras** we follow in our dynamic & unique preparatory process are guidance as per the demand of the syllabus, practice of past year questions and referring to specific & limited resources which are best.

Our smart study techniques focus on multiple revision of the same resource, inter-linking of various concepts, discussion of contemporary issues through fortnightly newspaper reading classes, weekly and monthly mock tests. Personalised mentorship & guidance by Civil Service Toppers themselves as per the changing trends & nature of the exam pattern makes us different from the rest of the IAS coaching institutes in Kolkata.

We all are aware of the fact that UPSC revises the civil services examination pattern frequently. Keeping this in view, the Institute re-structures its courses and modifies its pedagogy accordingly, thereby, providing the most comprehensive and relevant guidance to the aspirants. The Academy has drawn in the most eminent faculty members from across India, which is why, quality teaching, individual attention and all-inclusive education has become the hallmark of the institute.

EDUCRAT IAS started its beautiful journey with the firm belief that **“Everyone has the power to change the world”** & today it has set a new benchmark by consistently producing IAS, IPS, IFS & IRS officers from Eastern India. Yet, the Academy strives to reach newer and bigger milestones by creating more leaders for tomorrow and thereby partake in the process of nation-building.

EDUCRAT IAS invites you to be a part of this exhilarating journey.

CIVIL SERVICE EXAMINATION

The Civil Service Examination (CSE) conducted by the Union Public Service Commission is the most decorated and undoubtedly one of the toughest examinations of the country. Aspirants, who clear all the three stages of the examination, viz. prelims, mains and interview can join the Civil Services as IAS/IPS/IFoS/IFS/IRS (and 20 other services) Officers.

PRELIMS

Preliminary Examination is for the selection of candidates for Main Examination. It is objective type, pen & paper based examination. This examination is meant to serve as a screening test only; the marks obtained in the Prelims will not be counted for determining the final order of merit.

MAINS

The aspirants who qualify the Preliminary Examination would be eligible to apply for the Main examination. This examination is subjective in nature. The main Examination is intended to assess the overall intellectual traits and depth of understanding of candidates rather than merely the range of their information and memory.

PERSONALITY TEST

The candidate will be interviewed by a competent and unbiased Board. The objective of the interview is to assess the personal suitability of the candidate for a career in public service. It is an assessment of not only his intellectual qualities but also social traits and his interest in current affairs. Some of the qualities to be judged are mental alertness, balance of judgement, ability for social cohesion and leadership, intellectual and moral integrity.

THE CORRECT APPROACH TO CSE

Civil Services Examination is coined as the toughest examination in India. But many aspirants have cleared it in their first attempt and that too securing first/second positions. Why?

Because winners don't do different things; they do things differently.

We will tell you how: -

1. Know what to read and what not to:

As the syllabus for the Civil Service Examination is huge encompassing portions from basic school-level texts, it is at the very outset important to have a fair idea of what to read and what not to. Syllabus is the tool which tells you the areas that need to be covered for the examination and the basic rule for clearing the exam is stick to the syllabus.

2. Multiple Revision of Limited Resources:

Often aspirants surround themselves with 'N' number of books and study materials. What they fail to understand is that all these books and study materials relay the same facts and analysis, however in a different manner. Revising single source multiple times is always better than referring multiple sources for single topic.

3. Solve more questions:

At Educrat IAS Academy, we emphasize on enhancing the student's capability to answer more questions by assessing the difficulty level of the exam. We follow a 3-pronged strategy of learn, solve and revise. To crack the CSE you do not need to have the knowledge of everything in this world. What you need is the ability to answer the question with all the knowledge you have. This ability will develop and can be mastered by repeatedly solving past years' questions.

YOU ARE THE
WINNER

Keep your syllabus alongwith you whenever you sit to study. Everytime you come across a news check whether it is in any way related to the syllabus or not.

Next check whether any question has been asked in previous years' exams which would be directly or indirectly related to this topic. If yes, then this topic is important.

UPSC demands **conceptual clarity** of basic concepts. Hence NCERT text books are of utmost importance for its preparation.

Develop a habit of reading the daily newspaper and listening to daily news. The Hindu or the Indian Express can be selected according to availability and your level of comfort in reading the newspapers.

Note-making is an art and our expert faculty will teach you how to make the best concise yet exhaustive notes from Newspapers to strengthen your current knowledge of current affairs.

Our Weekly test series will evaluate your progress in a time bound manner and you will be made aware of your strong and weak areas by our experts.

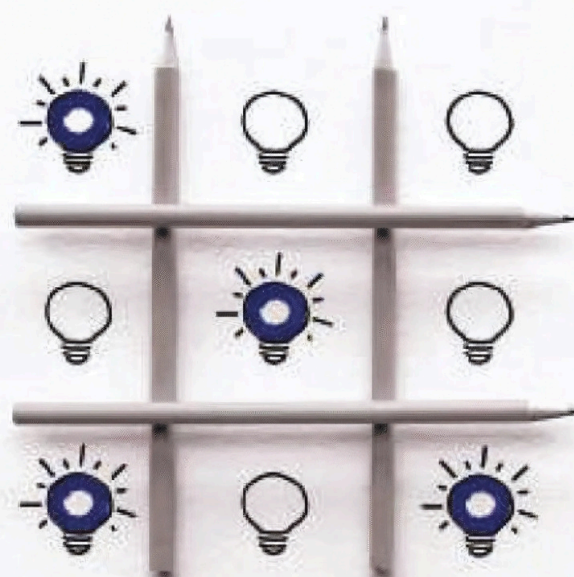

Our Telegram Channel will keep you updated with all daily current affairs and provide you with questions, for your daily practice.

You can follow us on Facebook, Instagram and Twitter for digital study materials and exam related notifications.
